GUIDE & COLORING BOOK!

**A special thanks for supporting
the Mohassan Grotto Circus
from your local Quad City area.**

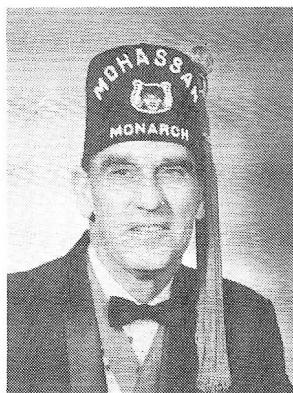

WELCOME

We are pleased to welcome you to our 17th annual Mohassan Grotto three ring indoor circus. This is an important event to the Grotto, the palsied child and the many handicapped children in need of dentistry. Your attendance at the circus supports these worthy causes and provides you with two fun filled hours of the most professional and wholesome entertainment available. You will recognize some of Circusdom's top names in the show that is about to begin, they have all played outstanding engagements through-out the world. A big Thanks to the members of Mohassan Grotto who worked so hard to make this project a success. Also, many Thanks to our wonderful advertisers in this program and the businesses and individuals who sponsored groups of Children.

Doug Beck

MONARCH

Cliff Petersen

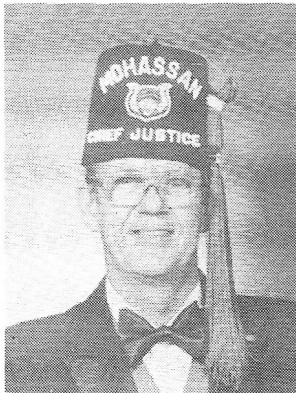

Being a Monarch of Mohassan Grotto is a great honor. One of the great honors is bringing this 17th annual circus to so many great people, just as the dollars you contributed will help assist Mohassan Grotto with their program to the Cerebral Palsied and Dentistry for the Handicapped in our area. Masonry is a great contribution to this world. Masonry is world wide.

We welcome each and everyone of you as a cherished friend and truly hope that your short visit with us will be enjoyable and rewarding.

Have a good time and hope to see you again next year. On with the show.

Cliff Petersen
Monarch

CHIEF JUSTICE

Harry Schafnit

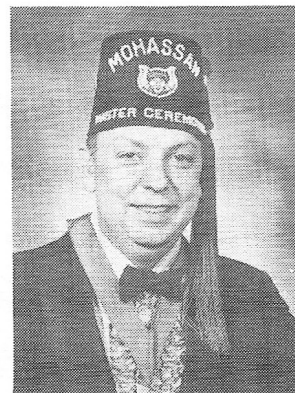

Hear Ye! Hear Ye! Hear Ye!

We are proud to present our circus extravaganza for you again this year. In our endless fight to help conquer Cerebral Palsy and to help handicapped kids with dentistry needs we bring the circus together again. We thank the Armory for letting us have it here again. Most of all we thank you all for coming and the ones who donated tickets for other people to attend.

Sit back and relax, if you can, and enjoy the show.

See you again next year,
Harry Schafnit
Chief Justice

MASTER OF CEREMONIES

Bob Smith

It is with pleasure we welcome you to Mohassan Grotto's 17th annual circus. Our circus is just one of the many events we hold each year to support our Cerebral Palsy and Dentistry for the handicapped programs.

We hope you enjoy the circus and can go home with fond memories of the two hours you spent with us. We appreciate your support of our humanitarian efforts. A big thank you also to all the area advertisers, merchants, and residents who support our endeavors each year.

Have fun and hope to see you again next year.

Bob Smith

"THE DIELKAS SISTERS"

The glitter & glamour of three lovely young girls balancing, dancing and walking on rolling globes will keep your attention riveted. While atop the globes they roll up an inclined ramp. In unison they move carefully one behind the other up and back until they finally arrive at the top. Then they do likewise backwards without once looking back.

The act is impossible to take your eyes off of.

"MISS REE"

There are few female Ringmistresses in the circus today, and even fewer are of the calibre of "MISS REE". She is attractive, well-modulated, and interesting to listen to as she guides the audience along the progression of the circus.

"REE" will make an interesting addition to our fine repertoire of circus talent.

ENCHANTED LANTERNS HELP THE HELPLESS

Thousands of children who have Cerebral Palsy, in one form or another, are born every year in the United States. It is for these children and those yet unborn that we are asking you to buy an Enchanted Lantern. It is your dollars that are providing the funds needed for not only research, but education and rehabilitation in the war on thiscrippler of little children.

Would you want a child born with this dread disease to become a public charge in later years? Every answer should be obviously "No". Purchase of an Enchanted Lantern is also deductible on your income tax. The engraved certificate you'll receive for your purchase is ideal for framing.

Let's all help today and hope tomorrow. Your purchase of an Enchanted Lantern will prove that you really care for that little palsied child.

Please understand that "Enchanted Lanterns" may be purchased by **anyone**. Contact any member of Mohassan Grotto or a Grotto member who wears a "Black Fez". He will help you to help the palsied child.

DENTISTRY FOR THE HANDICAPPED

What the Grotto does . . .

The Grotto keeps in contact with local health agencies such as Visiting Nurses Association, Cerebral Palsy Units, Board of Education, Schools for retarded children, Dental Associations, etc., to alert them that this service is available through the Grotto.

When a potential patient is located through any source, a Prophet from the Grotto calls on the patient, explains to the patient and the parents what services are available.

The Grotto takes the patient to Dr. John Cannon, DDS, our local dentist and gets an evaluation of what is needed in dental care. The dentist fills out and signs the dental evaluation.

The Grotto completes the dentistry application and submits it to the office of the Executive Secretary in Chicago.

Then this is submitted to the Illinois Masonic Medical Center. The Center will then notify the Executive Secretary as to when the patient should come to Chicago if necessary for treatment.

The Executive Secretary will notify the Grotto when to send the patient to Chicago, or to have the needed dental work done locally at 3565 Utica Ridge Road, Bettendorf, by Dr. John Cannon, DDS.

The Grotto will arrange transportation for the patient, both to and from Chicago, if the patient is required to be sent there.

NOTE — When patient is in Chicago, we can house only ONE parent or guardian accompanying the patient.

"THE KAI DIN EL SISTERS"

With a touch of magic & class not **ONE!**...not **TWO!**...but **THREE** lovely young ladies appear before your eyes to perform in a display that is both beautiful and unusual.

These three beauties are suspended high in the air by their long, beautiful tresses. This hair dressing secret is many centuries old: an ancient oriental secret.

These lovely girls juggle balls, clubs and even fiery torches. When done they then spin their way down to earth.

A very exciting routine to view.

"ANDRE & HIS BUNNY"

"Andre & His Bunny" is an adorable, funny low wire act with a lot of stress on the humorous and the absurd. Anything can happen here...at any time. There is no way to even predict what will happen. It is just a matter of waiting to see.

This high line act has been a favorite among circus crowds, and is always popular with all age groups.

"THE SHRINE CIRCUS ELEPHANTS"

Well! What is a circus without our great grey performing pachyderms? And here they come lumbering into the center ring.

The race is on as we watch the big hulking creatures amble deftly through their paces. They are always fun to watch. Children of all ages love elephants.

The exciting hand-balancing routines of "Marco Polo" are among the most renown. They are of flawless timing and amazing precision.

Hand-balancing is one of the oldest forms of circus entertainment whose origins rest in the fairgrounds of mid seventeenth century England and even earlier. When the circus was first established in 1770 hand-balancers were brought in from the fair-grounds along with the clowns and rope-dancers to round out the entertainment.

"OTTO BEROSINI"

This feature act is currently playing to rave reviews at **Circus - Circus** in Las Vegas, and is constantly in demand at most of the larger clubs there..

Huge tigers, lions, jaguar and a leopard are presented in an uncaged format, which heightens the aura of danger..

The Berosini Family are renown for their animal acts: Otto's brother Bobby is the owner/trainer of the orangutans in many movies such as "**Any Which Way But Loose**". Otto's skill with cats is unsurpassable.. His skillful presentation will be one of the most talked sensations for many years to come..

“BOBBY STEELE’S BEARS”

Four large brown bears, well over average human height, work together in one of the most original acts presented in the circus arena. From the moment they enter the ring led on leashes they begin to enchant the audiences of every age with their precocity and excellent stage presence.

The bears play musical instruments, dance with their trainer, pick up objects, and much more. All they seem to want is the applause of an appreciative audience.

"THE FLYING VOLANTES"

TWO sets of fliers!!! **TWO** catchers!!!: This youngest and greatest flying act will amaze you with their grace and daring.

Their expert mastery of the triple somersault and other unusual routines is non pareil.

Their entire performance has a new approach to the standard tricks of the flying trapeze. The passing leaps fill the air with continuous flying action which will thrill every audience.

“THE KNEISLEY DUO”

America's own aerial cradle artists, whose adagio in the air is a marvelous display of agility, grace and supreme talent.

For the last several years they have been featured talent in many fine circuses both here in America and in Hong Kong. They have also performed all over the world whereby achieving name recognition.

Always professional, always sensational, we are sure they will please your audience as they have thrilled countless others.

"TRACY'S SPITZ HOUNDS"

Nine white Spitz dogs come leaping into the ring and place themselves on their pedestals. A larger white dog is the foil for these nine, and from the outset of the act it's dogs everywhere: running up and sliding down slides, jumping through hoops and firey rings. Every trick is letterperfect. Action from beginning to end.

"ESQUEDA & JOANIDES"

For the first time ever in the circus we present you with the magic of illusion. "Esqueda & Joanides" are among the foremost in this difficult field.

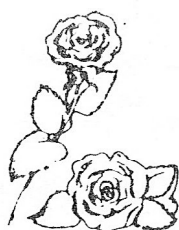

They feature many exciting twists, but the finale where "Esqueda" appears to drive a motorcycle through "Joanides" body is especially breath-taking.

This duet hails from two distinguished circust families or great longevity, and their combined talent is pure show business at its best.

"THE KARINAS"

"Sweden's comedy sensation on the trampoline" will bring out the laughs every time from even the most hardened viewer. This act is an oldfashioned/modern performance incorporating all of the standard elements of Vaudeville combined with the modern comedy style.

"The Karinas" have been in show business for many years, and trained with the best in the comedy field, such as Red Skelton. This effervescent duo has performed at many of the premiere circuses in the U.S. and Europe, as well as at fairs, country/western programs, and various television programs. They are rated number one all around.
